Crazy for Rivers: Tales of Trout Fishing Bill Barich

“That autumn, I went a little crazy for rivers.”

So writes Bill Barich, and this charming volume captures the essence of obsession. The hours he spent on various streams became a meditation on family, friends, and the natural world. To anyone who remembers the infinite patience of a grandfather on a lake, or the romance of a mountain getaway with a new girlfriend; to anyone who can recall each fish caught on days that were far too hot, or way too cold, or on rivers too crowded, or in canyons too steep; to anyone who has appreciated the trust of an age-old fishing partner, or marveled at the beauty of a leaping trout—to anyone, in fact, who has ever gone a little crazy for rivers, Bill Barich’s wonderful memories of a season on the water and a lifetime of fishing will seem both touching and wise. This little book is a gem.

Skyhorse Publishing is proud to publish a broad range of books for fishermen. Our books for anglers include titles that focus on fly fishing, bait fishing, fly-casting, spin casting, deep sea fishing, and surf fishing. Our books offer both practical advice on tackle, techniques, knots, and more, as well as lyrical prose on fishing for bass, trout, salmon, crappie, baitfish, catfish, and more. While not every title we publish becomes a *New York Times* bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.
