Présentation de l'éditeur

Omraam Mikhaël Aïvanhov compares the power of sexual energy to that of petrol : Those who are ignorant and careless can be burned by it, their very quintessence devoured by this all-consuming force, but Initiates who know how to harness it, can use it to travel throughout space. What better image to help us understand the power of our sexuality ? And understanding it, why not choose to fly all the way to the stars instead of perpetually getting burned ? Table of contents: 1. The distinguished philosopher and spiritual Master, Omraam Mikhaël Aïvanhov came to France in 1937. Although his work deals with many aspects of initiatic science, he makes it clear that: 'Each one of us must undertake his own self-development, but only if his goal is not solely for himself, but for the good of the collectivity. Then, the collectivity becomes a brotherhood. A brotherhood is a collectivity where true unity reigns, because by working on himself, each individual is also consciously working for the good of the whole.'
